## WHY MTS is committing to PEACE:

This year MTS Elementary School and its students are publicly committing to peace, with activities throughout the year. MTS young people are stepping up to the challenge of making our world a better place. Our student leaders will take the lead, and all year long we will work on projects that make our shared world a better place. The PEACE pole which will be dedicated at the event on September 20, will be a visible reminder, every day that we all live together and can and do make our world a better place. We are so proud of MTS Students!

**MTS Elementary mission: To provide learning experiences with high expectations that support academic growth and enhance individual character in partnership with students, families and community within a supportive, safe and stable environment.**
